Pete Salsich, of counsel, was a guest speaker on this week's episode of Casual Fridays Podcast, entitled, "[CASE Act Explained: What the CASE Act Means for Content Creators and Small Businesses](#)." On the episode, Pete breaks down all the fine details of the CASE Act and what it means for content creators and businesses.

Episode Description from Casual Fridays:

Of course, you didn't. Any average person didn't. The CASE Act, standing for Copyright Alternative in Small-Claims Enforcement, creates a small claims court within the U.S. Copyright Office, meaning violators could be liable for as much as \$30,000 per violation.
